Alberta's Home Care Program

PURPOSE

The Home Care Program is offered by 27 health units throughout Alberta and is funded by Alberta Health. The goal of the Home Care Program is to help Albertans remain independent in their own homes, by providing health, homemaker and/or personal care services to people who have an assessed need.

SERVICES

Every Home Care Program offers Case Coordination, Nursing Services, Homemaking, and Personal Care.

Many Home Care Programs also offer other services such as:

- Occupational Therapy
- Physiotherapy
- Respiratory Therapy
- Social Work
- Nutrition Services
- Volunteer Services
- Meals on Wheels
- Transportation

You can find out more about Alberta's Home Care Program and services by picking up a Home Care Brochure and/or by contacting your local health unit.
